Education

Madan Mohan Malaviya Univ. of Technology (MMMUT)

Bachelor of Technology in Information Technology (GPA: 8/10)

Sept 2023 – May 2027

Gorakhpur, UP

Saraswati Vidya Mandir

Intermediate (PCM) – 87.6%

Apr 2021 – Mar 2022

Deoria, UP

Relevant Coursework

Data Structures & Algorithms

Operating Systems

Discrete Mathematics

Web Development

Computer Networks

Machine Learning Basics

Database Management Systems

Cyber Security Fundamentals

Object Oriented Programming

Experience

Winkget Express Pvt. Ltd.

Full-Stack Developer Intern

Oct 2025 – Dec 2025

Hybrid – [Certificate](#)

- Spearheaded the *Winkget Business* inventory portal, implementing store modules that boosted update speed by **40%** for **100+** vendors.
- Built **5+ core features** using React.js and Node.js, enhancing user engagement and maintaining **99.9% system uptime** for investors.
- Collaborated with a 4-member team to design **RESTful APIs**, accelerating frontend-backend integration speed by **15%** via documentation.

Cyber Security Virtual Internship – C-DAC

Security Research Trainee

May 2025 – July 2025

Remote – [Certificate](#)

- Completed **6+ hands-on labs** in Ethical Hacking and Penetration Testing under the Cyber Gyan Project by MeitY earning certification.
- Analyzed network security protocols and performed penetration testing exercises focusing on the **OWASP Top 10** framework.

Projects

CodeWithMe | *MERN Stack, WebRTC, Docker, Redis, Judge0*

Feb 2026

- Developed a **real-time collaborative IDE** leveraging **Judge0** to process **50+ concurrent code submissions** per minute with metrics.
- Implemented a **secure Admin Dashboard** for **CRUD operations** and seamless management of **200+ test cases** across 5 languages.
- Optimized retrieval via **MongoDB compound indexing**, cutting query latency by **35%** with **Redis** session storage and **caching**.
- Constructed a **Docker-isolated execution pipeline** with Judge Engine to maintain a **99.8% security isolation rate** for submissions.
- Build a **Sliding Window rate limiter** for API security and a responsive UI using DaisyUI and **Redux Toolkit** for **500+ daily users**.

MERN Expense Tracker | *React, Node.js, Express, MongoDB, Styled-Components, Chart.js*

Sept 2025

- Deployed a robust full-stack finance application featuring secure **JWT Authentication** and a modern **Glassmorphism UI** layout.
- Integrated **Chart.js** visualizations to provide **real-time analysis** of income vs. expense trends and key financial metrics.
- Designed and implemented comprehensive unit and integration tests for the **RESTful API**, achieving 95% code coverage and ensuring reliability for critical financial transactions.

Swiggy Clone | *React, Redux, Tailwind CSS, React Router, REST APIs*

Mar 2025

- Systematized a food delivery platform with advanced search algorithms and multi-factor filtering to optimize **data discoverability**.
- Designed robust **Redux** cart logic to handle concurrent state updates, maintaining sub-second latency across **100+ sessions**.
- Streamlined navigation via **React Router**, reducing component re-renders by 20% and improving frontend performance metrics.

Technical Skills

Languages: Java, C, C++, Python, JavaScript (ES6+), TypeScript

Frontend: React.js, Redux Toolkit, Tailwind CSS, DaisyUI, Material UI, Bootstrap

Backend & Runtimes: Node.js, Express.js, REST APIs, JWT Authentication, MongoDB, NPM

Databases & Caching: MongoDB, Redis, MySQL, PostgreSQL

DevOps & Tools: Docker, Judge0, Git, GitHub, Postman, Vercel, Render, Linux Basics

Core Fundamentals: Data Structures & Algorithms (DSA), OOPS, Database Management (DBMS)

Achievements & Leadership

Smart India Hackathon (SIH 2025): Finalist with **Team GreenStack**; engineered solutions for high-impact problems, ranking in the **top 5%** of national submissions.

Competitive Programming: Solved **300+ problems** across LeetCode and GFG; achieved a **1400 peak rating** on LeetCode and **2-Star** status (1440) on CodeChef.

Technical Recognitions: Secured **3rd Rank** in **Da-Vinci Studios** (Tech-Fest) and **Roll the Reel** competitions for excellence in **algorithmic logic and rapid prototyping**.

Executive Member – Drama Club: Spearheaded the coordination of the annual **Immerse** event, managing cross-functional teams to improve logistical efficiency by **20%**.
