Education

Madan Mohan Malaviya University of Technology (MMMUT)

Bachelor of Technology in Information Technology (GPA: 7.8/10)

Sept 2023 – May 2027

Gorakhpur, UP

Saraswati Vidya Mandir

Intermediate (PCM) – 87.6%

2020 – 2022

Deoria, UP

Relevant Coursework

Data Structures & Algorithms

Operating Systems

Discrete Mathematics

Web Development

Computer Networks

Machine Learning Basics

Database Management Systems

Cyber Security Fundamentals

Object Oriented Programming

Experience

Winkget Express Pvt. Ltd.

Golghar, Gorakhpur

Oct 2025 – Dec 2025

Hybrid – [Certificate](#)

- Developed and enhanced *Winkget Business* inventory portal, implementing vendor and store modules that increased inventory update speed by **40%** and supported **100+ vendors** significantly reducing manual entry errors for stakeholders across regional branches.
- Built **5+ core features** using JavaScript, React.js, Node.js, and MongoDB, improving user experience and ensuring **99%** system uptime..
- Collaborated with a 4-member development team to design scalable backend services and RESTful APIs for seamless frontend-backend integration.

Cyber Security Virtual Internship – C-DAC

C-DAC Noida

May 2025 – July 2025

Remote – [Certificate](#)

- Completed **6+ hands-on labs** in Ethical Hacking and Penetration Testing under the Cyber Gyan Project by MeitY earning certification.
- Performed reconnaissance, vulnerability assessment, and exploitation exercises covering **OWASP Top 10** network security fundamentals.
- Gained practical experience with security tools,including password cracking, web application testing,basic incident response techniques.

Projects

Expense Tracker | *JavaScript, Node.js, Express.js, MongoDB*

Sept 2025

- Built a full-stack personal finance tracker with CRUD functionality, category-based filtering, and monthly analytics for **50+ users**.
- Implemented RESTful APIs with Express.js and persistent MongoDB storage, reducing data retrieval time by **25%** optimizing throughput.
- Added an inventory module to track items, improving monitoring efficiency by **35%** by automating manual tracking processes.

Swiggy Clone | *React, Redux, Tailwind CSS, React Router, REST APIs*

Mar 2025

- Architected a high-performance food delivery platform featuring advanced search algorithms and multi-factor filtering; optimized cart logic to handle concurrent state updates for 100+ simulated user sessions while maintaining sub-second response latency benchmarks.
- Implemented Redux for global state and React Router for seamless navigation, reducing component re-renders by **20%** across modules.
- Pioneered REST API integrations to pull real-time restaurant data, creating detailed documentation and onboarding guides, documentation used by 20+ engineers and increased team efficiency while streamlining the development lifecycle for future hires.

PostBox Social App | *React, Context API, Bootstrap*

Jan 2025

- Built a social posting platform enabling users to create, view, and interact with posts (**100+ posts**) leveraging optimized database queries.
- Used Context API and useReducer for predictable state management and optimized data flow eliminating unnecessary prop drilling.
- Implemented likes and comments, ensuring real-time UI updates and efficient state handling minimizing unnecessary component re-renders.

Technical Skills

Programming Languages: Java, C, C++, Python, JavaScript (ES6+), TypeScript

Frameworks & Runtimes: React.js, Redux, Node.js, Express.js

UI Libraries & Styling: Tailwind CSS, Bootstrap, Material UI

Databases: MongoDB, MySQL, PostgreSQL

Version Control: Git, GitHub

Tools & Platforms: REST APIs, Postman, VS Code, npm, JWT Authentication

Other: Linux basics, OOP, Data Structures & Algorithms (DSA)

Achievements & Leadership

Smart India Hackathon (SIH 2025) – Member of **Team Green-Stack**, solving complex problems; recognized for top **5% of submissions**.

Da-Vinci Studios: 3rd rank in college technical fest event.

Roll the Reel: 3rd rank in college club competition.

Executive Member – Drama Club: Coordinated annual Immerse event, improved planning and team coordination.

LeetCode: Peak rating 1400.

CodeChef: Peak rating 1440.
